

UV 150W High Output Germicidal Tube Unit

Feature:

- Kills bacteria, fungi, moulds, yeasts without the need for chemicals
- IP 65 rated, suitable for use in wet environments
- Modular design for multiple UV lamp installations
- Includes adjustable brackets for fixed mounting
- Air and surface disinfection of unoccupied rooms and areas. Ceiling or wall mount
- Mount over conveyors or within cabinet enclosures for surface disinfection
- Includes 2 x UV-C germicidal tubes wrapped in clear UV-C transparent plastic to contain glass fragments in the event of breakage. Essential for use in food applications
- 100 - 277 V / 50 - 60 Hz

UV light spectral output shown

Useful life of UV tubes

Approximately 10,000 hours depending on age, environment, switching and cooling

Reflector	Aluminium - UVL full spectrum grade
Power supply	100 - 277 V / 50 - 60 Hz
Power	150 W
Fuse protection	3 A
Weight	6.5 Kg
Rating	IP 65
RoHS compliant	Yes
